State and federal authorities decided against indicting HSBC in a money-laundering case over concerns that criminal charges could jeopardize one of the world's largest banks and ultimately destabilize the global financial system.

1990s Senator Orrin Hatch R solicited \$10MM from BCCI the most corrupt bank in the history of the World at that time. Mueller did damage control by "diluting" and "concealing" the investigation and prosecution.

2001 STATEMENT OF HON. ORRIN G. HATCH, A U.S. SENATOR FROM THE STATE OF UTAH

In support of Mueller for FBI Director.

"Thank you, Mr. Chairman. It is an unusually great pleasure to welcome Mr. Mueller, our nominee, to the committee today. I always enjoy reviewing the many excellent nominees for high office who come before this committee, but I particularly relish those super-extraordinary few who not only have stellar qualifications but seem to be an exceptionally perfect fit for the job for which they have been nominated."

October 2010 From Global Research Publishers and David DeGraw "In summation, George Bush Sr., Henry Kissinger, James Baker, Robert Mueller, Robert Gates and Alan Greenspan were all heavily involved in BCCI activities. Former President Bill Clinton even played a crucial role in continuing the cover up by killing follow up investigations upon taking office. More stunning than the BCCI operations and the cover up, was that even after the BCCI Affair was finally exposed, all of these major players were not held accountable."

1991 Robert Mueller "Deus Ex Machina" or the God in the machine, FBI DIRECTOR MUELLER WAS AT CENTER OF ALLEGED BCCI COVERUP

2017 Current Mueller Investigation ... Mueller was Hatch's God Father in BCCI ... Hatch is now poised to do damage control for Trump and help slip the lid on Mueller's Special Counsel investigation.

2017 Trump Stumps for Hatch in Utah ... Hatch Chairs Senate Committee on Finance and is complicit with Mueller in the BCCI Cover Up of the 1990s. Hatch worked to "grease" Trump's tax plan. In addition to helping to slip the lid on Mueller's Special Counsel investigation, Hatch is likely poised to do damage control in the \$21 Trillion missing matter. The most powerful committees in the Senate are Appropriations, Armed Services, Commerce, Finance, and Foreign Relations.

21 Trillion Dollars is Missing U.S. Government a Criminal Enterprise

\$21 Trillion Missing ... 12/10/2017 Forbes magazine became the first major media to blow the lid off of \$21 trillion that have gone missing from the US treasury. To give an idea of how much money that is, if you divide the entire US population of around 325 million into \$21 trillion, the amount missing is equivalent to \$65,000 for every man, woman, and child in the Country.

"Plopped down before us in all their sprawling amorphousness, the B.C.C.I. developments are very near impossible to grasp, involving as they do 76 countries and an unlikely cast of characters that includes the Shah of Iran, the Ayatollah Khomeini, Gen. Manuel Antonio Noriega of Panama and the Arab terrorist Abu Nidal. To say nothing of drug smuggling, money laundering, illegal arms dealing (and nuclear arms to boot), bribery of world leaders, assassination, the Iran-contra scandal, the balance of power in the Middle East and, the authors assert, a vast cover-up by some of Washington's most powerful agencies. Have we left anything out? The more you examine the B.C.C.I. story, the more it looks like what conspiracy theorists like to call the Master Conspiracy."
