

# How Dare you Start a Food Fight before Christmas!

## To Utah's Legislators: You Need a Reality Check...

- 1) Tax your personal campaign funds **before** you tax Social Security, Gas and Groceries. Cease your attempts at stealing from the mouths of children and the elderly.
- 2) Store **Energy Solutions'** hazardous nuclear waste **in your own homes** before you poison our sacred Land. Pay tax on the money they spent attempting to buy your vote and integrity.
- 3) Return your shameful blood money "take" or pay it forward to the needy. Legislators **highlighted below** are on the Tax Task Force. All officials listed below are **"Blood Money" takers**. In America, Big Pharma Opioid Deaths exceed 702,000, and Big Tobacco kills roughly 480,000 every year (CDC stats). Stop taking their dirty money!
