

MANDEMIC FRAUD

The Corona Virus MANDEMIC hoax spawned the infamous “Cares Act.” I believe this hoax has launched the single most sinister financial fraud in the history of our Nation and perhaps the World.

A “HUSH” has descended all around the fraud like a dark, dank fog over a steaming, festering, open cesspool. It is “HUSH money” and “HUSH don’t tell” or we will all be in trouble. Yes, this hoax has birthed an almost perfect crime. It is an “AC/DC crime” with victims and perpetrators indistinguishable one from the other. From all indications, elected [Goodfellas](#) and Tribal Leaders operating above and beyond the scrutiny of modest Wigwams and Pueblos are reveling in “Cares Act” grift while Native Moms and Dads struggle mightily to survive.

The “Cares Act” raided the U.S. Treasury to the tune of ~\$5trillion. The funds were distributed down into the USA via several channels one of which is the Coronavirus Relief Fund (CRF). Approximately ~964 prime recipients have received ~\$150B in Coronavirus Relief Funds spread out among sub-recipients.

I have been examining small subsets of those funds and have created the appended Matrix that reflects how much money certain tribes (Native American Nations) have received. The matrix includes only those tribes that have contributed to New Mexico elected officials. It is **IMPORTANT** to know that Cares Act funds began to come down into the USA in **March of 2020**. I captured only the Follow the Money.org (FTM) data reflecting donations to New Mexico officials that were distributed from **2020 thru 2023**. The timing, contribution, and distribution of inordinately substantial amounts of money raises a red flag.

There are other considerations left unexpressed here that raise the red flags higher. Especially when the details for how the Tribes’ money is spent are as unacceptably sparse as “NOT YET AVAILABLE FOR PUBLIC DISPLAY.”

The Matrix contains only two cells that are hyperlinked or interactive. On the first line in the 3rd and 4th cell (column header) from the left, the reader can link out to the data that is necessary to audit the Matrix. The 3rd cell links to a Follow the Money.org resource that is already prepared by me for downloading the data needed. The 4th

Cell links to the CRF Data Set that can also be downloaded. The FTM data was matched with the CRF data which served to create the Matrix.

From the Matrix

FTM records of Tribal contributions to NM Gov. Grisham from the Nations were ...**\$200,500.00**.
FTM records of Tribal contributions to all NM Officeholders from the Nations were **\$509,735.88**.
CRF records of Cares Act distributions to the NM Nations were**\$414,661,848.79**.

The “**Mission Possible,**” if the reader is up to the challenge, is to use the Matrix as a “pivot point” and compare and cross check all entries with the FTM and CRF data. If there are errors, I want to know ASAP. The [Goodfellas](#) can lie, deny, obfuscate, and cook the books with random abandon. For us, to get a penny out of place would be a disaster. Do **NOT** worry over the multiple entries on the Matrix. Compare only the totals in blue and red with what you find in the FTM and CRF data. The download process should only take 10 minutes or so. I estimate that the audit should only take a couple of hours.

Your work and results are prized. The final product has been and will continue to be in front of many [Goodfellas](#) and the Native Nations’ Tribal Leaders. We’ve only ~49 more States and the elected representatives in each State left to go.
